

Jennie's Meadow

With a Jennie's Meadow townhome, you'll enjoy the lifestyle of a single family home, with all the convenience of a managed yard and exterior!

The FIRCREST

Single Family Home Lifestyle:

Each townhome at Jennie's Meadow comes with a deeded lot – these are not condominiums. Every townhome has its own interior walls and they're separated by an airspace from the wall of the adjacent townhome. On each side of the airspace the interior wall is insulated and then two layers of wallboard are installed. A covered porch and 8 foot front door complete the feel of a single family home.

Designs feature convenience, comfort and light-filled spaces.

Ceilings are 9 feet high and windows are 1 foot taller in this 2 Bedroom, 2 Bath townhome plan with 1,410 square feet of living area. Garages are 24 feet deep and attached for plenty of room for vehicles and workspace. Step from the garage to a spacious laundry room with sink and a centralized media panel (with Cat-5 wiring). This home is energy efficient with a ductless heat pump for heating and cooling. Yards are fully landscaped with irrigation and maintained by the owner's association. Enjoy a carefree lifestyle close to Sequim shopping and recreation just steps away to the Discovery Trail and Railroad Bridge Park.
